ECO-FRIENDLY GLOBAL ESPRESSO BAR

Who are we?

- Bike Café is the **first chain of mobile tricycle cafés in Central and Eastern Europe**. Our cafés are placed on stylized and properly adapted tricycles that move freely in the city space. Mobility allows us to always be where the heart of the city beats on a given day.
- For 12 years of operation, we have gained recognition and **developed a network with over 100 mobile cafés!** We create meeting places in many locations and we prove, that a solid and reknown café brand does not require a large investment.

EVERY ASPECT MATTERS

Our values

Lifestyle

Bike Café is a lifestyle. You are the boss - you decide when and where you work. Your only limit is imagination!

Flexibility

The Bike Café concept gives you flexibility in choosing among sales models – today in a building, tomorrow outdoors, an event during the weekend – you decide!

Environmental protection

Bike Café is 100% environmentally friendly and does not emit any pollutants. We don't use any combustion engines or power generators.

Attention to detail

We provide a concept that attracts everyone's attention. Every detail is of importance and well thought. We offer the highest quality of equipment, not forgetting about aesthetics.

Business support

We have the experience that we are happy to share with our partners. We support our franchisees at every stage of running their business.

High performance

We have developed technical solutions that allow you to work for up to 16 hours without the need for a recharge. This lets you be where your customers are.

Heart of Bike Café

An efficient, two-group lever coffee machine allows you to make up to 160 espressos per hour. Carefully selected Bike Café beans provide a unique coffee flavor.

Capacious casing

A spacious trunk with a capacity of 55 liters to accommodate a fridge or large stock of supplies for a whole day of intensive work.

Endurance

A durable, water-resistant body of the Bike made from plywood can withstand any weather conditions. Bike Café is installed on a solid frame with resistance up to 400 kg.

Year-round activity

Bike Café has a system of winter covers and heating, which allows working also on winter days, during negative temperatures. The cold season is not a limit for Bike Café.

Mobility and independence

Bike Café is fully mobile, so you can get to and sell anywhere, without technical restrictions.

Innovative solutions

Each Bike Café unit is equipped with a system that allows monitoring the usage of coffee beans. Thanks to this and modern cashier systems, you will have excellent control over your business.

EVERY PERSON MATTERS

Our support

Our team:

Will help you to find the best location

Will provide the supplies (coffee beans, paper cups, etc.)

Will guide you through all the logistic and organizational matters

Will provide technical assistance and maintenance guidelines

Will help you go through all the procedures

Will run a comprehensive training to prepare you well

Investment

Bike Café Standard

14 000 €

- The original model of Bike Café which allows the work of 1 or 2 baristas, lets you serve many customers and take part in large events.

Bike Café Electric

17 000 €

- Standard Bike Café with an electrical assistance engine. Power assist makes riding the Bike Café as easy as possible, even on slopes and uphill.

All prices are net prices in EUR. This leaflet is informative and does not constitute an offer.

Investment includes:

- Bike Café unit with a kit of accessories
- License to use Bike Café trademarks
- 3-day training in Bike Café HQ or online
- Access to Bike Café Monitoring System
- Marketing materials and workwear
- Support from a dedicated representative
- Operating guides
- Technical support
- 12-months warranty

All prices are net prices in EUR. This leaflet is informative and does not constitute an offer.

Where can you work with Bike Café?

Coffee to go

Sell outdoors – on the street and in recreational areas

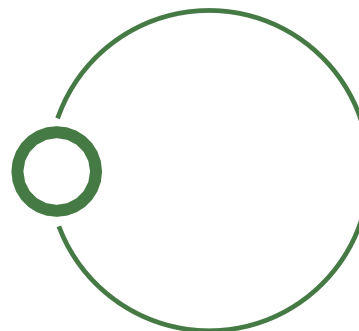

Coffee stand

Transform Bike Café into a coffee point in a shopping center, train station or office building

Events

A mobile café is an easy choice for all events, fairs and conferences

Flexibility

You choose when and where your Bike Café works. Adjust the model to your needs!

Bike Café at any time of the year!

Each Bike Café has a system of winter covers and heating connection, which allows you to operate also in winter, down to -10 degrees Celsius.

OUR COFFEE

Bike Café beans

Our coffee is 100% Arabica specialty from Brazil. Specialty coffee is the top-quality segment in the coffee world.

In the sensory profile, notes of chocolate, walnuts, and almonds predominate.

Roasted locally in Poland, by Craft Coffee Roasters.

From full-time job to the Bike!

„At the beginning, I've been reconciling Bike Café franchise with working in a corporation. I regarded going out with the Bike on weekends to the foreground of Wilanow Palace as a way to generate extra income. Three years ago, I finally quit my corporate job and now we run 3 Bikes in Warsaw".

Franchisee from Warsaw
Hubert Marciniak

Wherever my clients are

„I always open my café where the city currently lives. I am glad that I can deliver good coffee wherever my customers are”
